Thanks for the contact. Age here is 27. Rig is the Icom 751 with the Icom PS-30 power supply, and Icom AT-500 ant. tuner. Also am using the Icom phone patch. Antenna is a Butternut HF6V vertical mounted on the roof of the house. Also have a Hygain TH6DXX 6 element beam at 60 feet. I work for United Parcel Service as a package car driver. I am also the Vice president of the local club. Nice to work you and 73 from Campbell County and the "Cowboy State".
